Age Related Results – First 10 Men and Women

The percentage figure relates your performance to the world standard (100%) for your age and sex. World standards are produced by the World Association of Veteran Athletes and correspond approximately to world record standards for a person of that age and sex in that event. We have included percentage figures for everyone who included their actual age on the entry form. The first 10 men and women are shown here.

Achievement levels

100%	Approximate world record level
Over 90%	World class
Over 80%	National class
